OIL SANDS INFORMATION BULLETIN 2017-02

Subject: Non-Project Reporting (NPR) Pending Amendments to the *Oil Sands Royalty Regulation, 2009 (OSRR09)*

This information bulletin is to clarify reporting requirements for NPR submissions for 2017 reporting periods, pending regulatory amendments to the OSRR09.

Proposed amendments to the OSRR09 are currently under review. As these amendments have not been enacted, royalties for non-Project wells will continue to be calculated in accordance with section 27 of the OSRR09 and the incorporated methodologies in the Petroleum Royalty Regulation, 2009. The Alberta Royalty Framework calculator, found at the following link, should be used for all non-Project wells pending amendments to the OSRR09, regardless of the spud date:

<http://www.energy.gov.ab.ca/Oil/2344.asp>

If the proposed amendments to the OSRR09 are enacted, a further update will be issued and any affected NPR submissions may need to be resubmitted.

Questions regarding this Information Bulletin may be directed to:
